25X1A

25X1A Dear [redacted]

The following information is forwarded in order to assist you and your family in making arrangements for travel to your overseas station. It is requested that you apply for passports as the first step in your preparation for travel.

25X1A

Enclosed are two DD Forms 1056 with passport application blanks to be used by you and your wife in applying for your passports. Your daughter will appear on the same passport as your wife. The attached instructions are self-explanatory. After applying for your passport, please notify [redacted] date and place of application by calling (collect) [redacted] in Washington, D.C.

25X1A

The inoculations required for you and your wife are smallpox, tetanus, typhoid, typhus, cholera and polio. All inoculations with the exception of polio must be given within six months of date of departure. Your daughter will require smallpox, polio and dpt (diphtheria, whooping cough and tetanus combination). The cost of all inoculations will be reimbursed by the Government.

Also attached are "Report of Medical History" forms which our office wishes filled out for your wife and daughter. The forms do NOT require a physician's statement unless paragraph three of the instructions attached to the forms is applicable. Please return these forms to the undersigned as soon as possible.

Enclosed is a Post Report of your overseas station which may be of assistance to you in deciding what household effects to ship. More information on the shipping and storing of your effects will be given you later.

If you have any questions regarding application of passport or any other matter, please do not hesitate to call (collect) [redacted] and ask for [redacted]

Sincerely,

[redacted]
Transportation Officer
